

- Please bring:
- PPE
 - Chainsaw
 - Maintenance tools for saw

A UNH Technology Transfer Center Workshop
5 Technical Hours

CHAINSAW SAFETY & MAINTENANCE

AUGUST 23, 2017 – WHITEFIELD

Purpose: To discuss how to safely operate a chainsaw, including routine cleaning & maintenance

WORKSHOP FEE: The **Municipal Registration Fee** is \$60.00 and the **Private Registration Fee** is \$120.00. This price includes instruction, materials and catering. *These rates remain low due to generous grants from the FHWA and NHDOT.*

What is this class about?

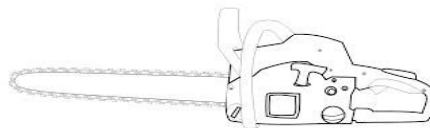

When using equipment at work, it is always important to know how to operate it safely. This workshop will provide information on how to safely start and operate a chainsaw. Other topics include personal protective equipment, safety features of a chainsaw, cutting techniques, and routine cleaning and maintenance. There will also be tips on ways to increase productivity with the chainsaw.

In the afternoon, there will be a hands-on demonstration involving safely cutting down trees with a chainsaw. Participants are given the opportunity and encouraged to try the chainsaw themselves.

Participants will need the following Personal Protection Equipment (PPE): a helmet system (consisting of a head, face & hearing protection), cotton or leather gloves, chainsaw protective chaps, and protective work boots with steel toes.

Schedule

- 8:00 - 8:30 Registration & refreshments
- 8:30 - 11:30 Workshop
- 11:30-12:00 Lunch
- 12:00-2:00 Workshop
- 2:00 Evaluations & Certificates

Instructor:

Brent Beebe has instructed the chainsaw safety course for the NH Local Government Center and the UNH T² Center for many years. He is an experienced operator and will instruct the class based on participant's experience and areas of interest.

What is the Learning Format?

- Classroom instruction and discussion
- Hands-on demonstration

What will the workshop cover?

- Starting and operating safety
- Safety features
- Cutting techniques
- Personal Protective Equipment
- Cleaning and maintenance
- Ways to improve productivity

Who should attend?

- Local Road Managers and employees
- Municipal employees who operate a chainsaw
- Anyone who uses a chainsaw on a regular basis

A UNH Technology Transfer Center Workshop
