Boots

What is this class about?

Learn how to operate an excavator with one day in-the-field “hands-on” training. Basic techniques and excavator maintenance will be taught, as well as instructor-led training “on the excavator.” The class will be small, so participants will have the opportunity to ask questions and interact with the instructors.

Instructors:

Butch Leel is the Senior Training Instructor for the UNH Technology Transfer Center. He was previously the Maintenance Supervisor for the NHDOT, District 4 and worked with the NHDOT for 32 years. Butch is a Master Roads Scholar.

What is the Learning Format?

- 1 day “hands on” workshop

What will the workshop cover?

- Hands-on excavator operation
- Safety tips on excavator operation
- Basic excavator maintenance

Who should attend?

- Municipal workers who operate an excavator
- Anyone who currently operates an excavator or wants to learn how to
