STANDARD OPERATING GUIDELINE

SUBJECT: Dump Body Securing		ISSUE DATE: August 1994		NO. : 021
ISSUED BY: D. McCarthy	APPROVED BY: <i>M. Roy</i>	SUPERSEDES DATE:	PAGE OF: 1 of 1	

Whenever truck dump bodies are in the raised (elevated) position for other than product dumping it shall be positively secured in the raised position.

Positive security shall employ body support dogs provided on the vehicle or positive cribbing should the vehicle not be provided with support dogs.

Raised bodies should be resting on the support dogs, the engine off and the hoist selector secure in the lift position (if so equipped) prior to working under a raised dump body.

Employees not properly observing this procedure shall be subject to immediate disciplinary action.
