## WHAT IS THIS CLASS ABOUT?

Learn how to operate a backhoe with one day of in-classroom training and one day of “hands on” training. BMPs will be taught, as well as instructor led training “on the backhoe.”

The class size is small, which gives the participants more time with the backhoe and the opportunity to ask questions and interact with the instructors and others in the class.

**\*Attendance on Day 1 (classroom day) is required for participation in hands-on training (Day 2).**
