

A UNH Technology Transfer Center Workshop
5 Safety Hours

FLAGGER (ATSSA) CERTIFICATION OCTOBER 12, 2017—GORHAM

Purpose: Training flaggers to earn a 4 year ATSSA certification, provide a safe passage of traffic through/around work zones and bringing standard flagging procedures to our nation’s roads

WORKSHOP FEE: The **Municipal Registration Fee** is \$100.00 and the **Private Registration Fee** is \$200.00. This price includes instruction, materials and catering. *These rates remain low due to generous grants from the FHWA and NHDOT.*

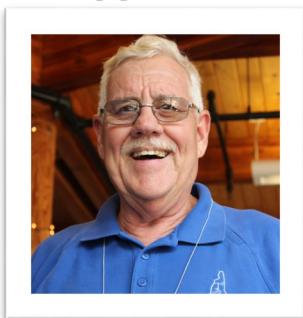

What is this class about?

Students will receive their ATSSA Flagger Certification in the mail (upon successful completion of the exam). This certification will be valid for 4 years. Flaggers are in a very dangerous and responsibility-ridden position, playing a crucial role in temporary traffic control. The safety of workers, motorists, and pedestrians is dependent upon the flagger’s performance. Since the flagger position involves safety, proper training is vital; flaggers are expected to pass a test to prove their proficiency and competence level.

Schedule

- 8:00 - 8:30 Registration & refreshments
- 8:30 - 11:30 Workshop
- 11:30-12:00 Lunch
- 12:00-2:00 Workshop
- 2:00 Evaluations & Certificates

Instructor:
Butch Leel is the Senior Training Instructor for the UNH Technology Transfer Center. He was previously the

Maintenance Supervisor for the NHDOT, District 4. He worked with the NHDOT for 32 years and is an Advanced Master Roads Scholar.

What is the Learning Format?

- Classroom instruction and discussion
- Written exam
- Hands-on practical exam

What will the workshop cover?

- Flagging procedures and proper use of required equipment
- Hands-on training, classroom activities, and a flagging skills test
- Work zone Safety

Who should attend?

This course is a **MUST** for novice construction work zone flaggers in both one and two-person flagging operations and law enforcement. *****Upon completion of the course participants are required to pass the ATSSA exam to become certified**

A UNH Technology Transfer Center Workshop
5 Safety Hours
