

A UNH Technology Transfer Center Workshop
4 Environmental Hours

GREEN SNOWPRO - THE POWER OF SALT BRINE OCTOBER 10, 2017 – WEST LEBANON

Purpose: Learn how to incorporate liquids into your snow and ice control business and increase profitability.

WORKSHOP FEE: The **Registration Fee** is \$60.00 for municipalities and \$120 for the private sector. This price includes instruction, materials and catering. *These rates remain low due to generous grants from the NHDES, FHWA and NHDOT.*

This workshop is considered a secondary course in the Green SnowPro program. Your attendance will count as continuing education credits for the NH Salt Applicator Certificate through NH DES.

You do not need to be certified through Green SnowPro to take this workshop.

**** This does NOT provide certification as a Salt Applicator. You must take the specific Green SnowPro Training to apply. ****

What is this class about?

This 4-hour workshop will address the following:

- Discover how you can reduce costs by adding Salt Brine to your operations and how to increase profitability
- Learn how to sell a liquid ice control program to customers and how to enter it into their contract
- Contractors will hear how they can reduce the potential risk of liability by using liquids
- Learn about the current impact of salting and why practices must be improved to protect water resources and avoid costly repairs

Schedule

8:00 - 8:30 Registration & refreshments
8:30 - 11:30 Workshop
11:30 - 12:00 Lunch
12:00 - 1:00 Workshop
