WHAT IS THIS CLASS ABOUT?

This 4-hour workshop will address the following:

- Discover how you can reduce costs by adding Salt Brine to your operations and how to increase profitability
- Learn how to sell a liquid ice control program to customers and how to enter it into their contract
- Contractors will hear how they can reduce the potential risk of liability by using liquids
- Learn about the current impact of salting and why practices must be improved to protect water resources and avoid costly repairs

This workshop is considered a secondary course in the Green SnowPro program. Your attendance will count as continuing education credits for the NH Salt Applicator Certificate through NH DES. You do not need to be certified through Green SnowPro to take this workshop.

** This does NOT provide certification as a Salt Applicator. You must take the specific Green SnowPro Training to apply. **

DATES & LOCATIONS

- **Wednesday, May 30, 2018**: DPW Training Room – 13 Newfields Road, Exeter, NH
- **Tuesday, August 28, 2018**: CS Building – 271 Mast Road, Dover, NH

INSTRUCTOR:

Pam Buckley, Sustainability Manager, Douglas Dynamics LLC. Pam joined the SnowEx team in 2010 where she has leveraged her diverse project management skills to drive growth and product quality. As a key stakeholder she plays a pivotal role in the market research and business case development for SnowEx Liquid Solutions projects focusing on emerging technologies and industry trends in both the private and public sectors.

Daniel Gilliland, CSP Training Manager at SnowEx Liquid Solutions. He has over 25 years of experience using liquid applications, is past president of SIMA and is a national trainer.
