

A UNH Technology Transfer Center Workshop
5 Technical Hours

PAVEMENT PRESERVATION OCTOBER 11, 2017 — PETERBOROUGH

Purpose: To learn how to effectively implement a Pavement Preservation program and the benefits that can result from it.

WORKSHOP FEE: The **Municipal Registration Fee** is \$60.00 and the **Private Registration Fee** is \$120.00. This price includes instruction, materials and catering. *These rates remain low due to generous grants from the FHWA and NHDOT.*

What is this class about?

Preventative preservation treatments allow road managers to keep roads in good condition, stopping them from deteriorating beyond maintenance to the point of costly repair and rehabilitation. With shrinking municipal budgets, the need to protect assets and prevent large expenditures is critical. Participants attending this workshop will learn about different pavement treatments to help extend the life of their roads, the benefits of these treatments, and how to work with local government and residents to implement a successful strategy .

What is the Learning Format?

- Classroom instruction and examples
- Panel discussion with local officials

What will the workshop cover?

- What is Pavement Preservation?
- Benefits of Pavement Preservation
- Pavement Preservation Techniques
- Implementing Pavement Preservation
- Working with local officials and residents
