

A UNH Technology Transfer Center Workshop
5 Technical Hours

PAVEMENT MAINTENANCE & REHABILITATION MAY 2, 2017 — LITTLETON

Purpose: To learn about the complete range of available treatments and options for maintaining your paved roadways.*

WORKSHOP FEE: The **Municipal Registration Fee** is \$60.00 and the **Private Registration Fee** is \$120.00. This price includes instruction, materials and catering. *These rates remain low due to generous grants from the FHWA and NHDOT.*

What is this class about?

Not all paved roads are the same and there certainly is no one magic treatment or process that is the best fit for maintaining all paved roads. This course will go through a wide variety of options available to maintain and rehabilitate your pavements. Everything from full reconstruction to traditional mill & fills to preventative maintenance surface treatments will be covered. Course discussions will examine when and where different applications are best suited, how to plan for your projects, and the costs associated with different treatment options and strategies.

Schedule

8:00 - 8:30 Registration & refreshments
8:30 - 11:30 Workshop
11:30-12:00 Lunch
12:00-2:00 Workshop
2:00 Evaluations & Certificates

***Note that this course will be a higher level combination of the Pavement Preservation and Beyond Preservation courses also offered by T².**
