Purpose: To focus on a traffic response program that protects motorists while minimizing the impact on traffic flow.

WORKSHOP FEE: The Municipal Registration Fee is $60.00 and the Private Registration Fee is $120.00. This price includes instruction, materials and catering. These rates remain low due to generous grants from the FHWA and NHDOT.

What is this class about?

Traffic incidents, including crashes, disabled vehicles and debris on the road, create unsafe situations; put motorists, and responders’ lives at risk; and account for approximately 25 percent of all traffic delays. For each minute that a freeway travel lane is blocked during peak use, an estimated 4 minutes of delay result after the incident is cleared.

This estimate accounts for 4.2 billion hours per year in delays. Additionally, the U.S. Department of Transportation Strategic Plan Fiscal Year (FY) 2010 – FY2015 reports that Americans burn more than 2.8 billion gallons of gasoline every year while stuck in incident-related traffic.

The TIM training program focuses on a response effort that protects motorists and responders while minimizing the impact on traffic flow. TIM efforts include detecting, verifying and responding to incidents; clearing the incident scene; and restoring traffic flow.

Instructor: Kurt Blomquist is the public works director for the city of Keene, NH.
