

A UNH Technology Transfer Center Workshop
3 Environmental Hours

TREE IDENTIFICATION

Purpose: To give tree workers the tools to better identify a variety of species.

WHAT IS THIS CLASS ABOUT?

This "all outdoors" course will serve as an introduction to the basics of tree identification. Instructors will cover getting started, using a dichotomous key, tree terminology, and tips and tricks. In addition to learning the identification process, students will see and practice with at least fifteen different tree species in a hands-on setting.

DATES & LOCATIONS:

September 17, 2018: Fox Forest, 309 Center Road, Hillsboro

WORKSHOP FEE:

Municipal Rate: \$25

Private Rate: \$50

Who should attend?

- Public Works directors and Road Agents
- Highway Superintendents
- Public works road work employees
- Other Municipal Offi-

Schedule

8:30-9:00 *Registration*

9:00– 12:00 **Workshop**

Instructors:

Greg Jordan is Rockingham County's Forestry Field Specialist. A New Hampshire licensed forester, Greg joined UNH Cooperative Extension in 2017. Prior to joining UNH, he spent more than a decade working as a consulting forester in southern New Hampshire and Maine. With lots of on-the-ground forestry and wildlife management experience, he provides landowners, communities and others with advice on managing woodlots and caring for community forests and trees.

Cory Keeffe is the Community Forester for the State of NH's Division of Forests and Lands. His duties include providing technical assistance to communities to support the development and maintenance of healthy street trees and community forests. He received his Associate's and Bachelor's degree in Forestry from the University of New Hampshire. Cory is currently an International, New Hampshire, and Massachusetts certified arborist.
