

## Advanced Master Roads Scholar Project Request Form

This form announces your intent to work towards the highest level of achievement within the UNH Technology Transfer Center's **Roads Scholar Program**. The UNH T2 Advisory Board and staff will review your requested project and contact you to discuss any questions, or how we can support you as you work towards achieving designation as an Advanced Master Roads Scholar.

Full Name:

Email:

Organization:

Phone:

Would you like assistance from the UNH T2 Advisory Board in selecting a topic or focus area for your project?

Yes

No

If yes, what focus area(s) most interest you?

If you have your own concept or idea, please write a brief description of your requested project and how it will address a public works problem or otherwise support public works.

What is the expected outcome or result of your project?

Please provide any further information to help UNH T2 staff and its Advisory Board review your request and better assist you.

Please provide any contact names, including email or phone number if known, for the following:

Your Direct Manager:

Human Resources Rep (if known):

UNH T2 recognizes Roads Scholar recipients through a variety of means, including publications such as the Roads Scholar Guide and UNH T2's *Road Business* newsletter. We also notify key community and professional affiliation members of Roads Scholar achievements, including but not limited to local press, management, and local selectboards. By submitting a project for the Advanced Master Roads Scholar, you agree UNH T2 can share your name, organization, and full project details, and use that information as well as your voice, image, or any other pertinent detail, in any way UNH T2 deems appropriate for advertising, marketing, information sharing, or other purposes that support UNH T2's operations and mission.
