Did your agency/entity experience damages or accrue costs associated with the severe storm on October 30, 2017?			<input type="checkbox"/> Yes <input type="checkbox"/> No		

Categories of Work		
Please Indicate the types of damages/costs that you incurred directly related to this disaster.		
<input type="checkbox"/>	Debris Removal	Debris removal activities, such as clearance, removal, and disposal, will be considered during damage assessments if the removal is in the public interest.
<input type="checkbox"/>	Emergency Protective Measures	Activities undertaken by the community before, during, and following a disaster to eliminate or reduce an immediate threat to life, public health or safety, or eliminate an immediate threat of significant damage to improved public or private property.
<input type="checkbox"/>	Roads/Bridges	Work required restoring roads (paved, gravel, and dirt), bridges, and their components to their pre-disaster design and function. Damage must be the result of the disaster.
<input type="checkbox"/>	Water Control Facilities	Work done to restore publicly-owned water control facilities.
<input type="checkbox"/>	Public Buildings and Equipment	Work required to restore damaged buildings will be considered along with upgrades required by codes and standards. This includes all structural and non-structural components, including mechanical, electrical, and plumbing systems, as well as contents, furnishing and equipment within the building.
<input type="checkbox"/>	Public Utility Systems	Work required to restore damaged utility facilities to pre-disaster design and function will be considered under Category F. This includes Water storage facilities, treatment plants, and delivery systems, Power generation, transmission, and distribution facilities, including, but not limited to, wind turbines, generators, substations, and power lines, Natural gas transmission and distribution facilities, Sewage collection systems and treatment plants, Communication systems
<input type="checkbox"/>	Parks and Others	In general, mass transit facilities such as railways, swimming pools, playground equipment, tennis courts, boat docks, piers, golf courses, picnic tables, and other types of facilities that do not fit in Categories C - F. Roads, buildings, or utilities located in parks and recreational areas. Engineered and maintained beaches. Natural features as long as they are improved or maintained. Any grass, trees, or ground cover when it is necessary for slope stabilization and/or erosion control
