

Trash Policy

The purpose of the Trash Policy is to ensure that refuse is discarded properly in the workplace, and to ensure compliance with New Hampshire Department of Labor Standard 1403.59 Trash.

A. Employers Responsibilities

The employer must provide adequate receptacles for all types of discarded materials in the workplace, and establish a schedule identifying specific times at which refuse shall be emptied, as often as necessary to ensure a clean and sanitary workplace.

B. Employee Responsibilities

The employee must remove all sweepings, solid or liquid wastes, refuse, and garbage in such a manner as to avoid creating a menace to health and safety.
