

A UNH Technology Transfer Center Workshop
2 Environmental Hours

GREEN SNOWPRO REFRESHER FOR RECERTIFICATION

NOVEMBER 24, 2015 – DERRY

Purpose: To provide information on the environmental impacts of chlorides; to train plow and salt truck operators on how to safely and efficiently use winter maintenance materials

What is this class about?

Winter operations, especially the use of salt, are a large portion of parking lot and roadway maintenance in NH. This workshop will address the environmental impacts of salt and why it is important to be conscious of these effects. We will cover everything from how to prepare for winter to cleaning-up after a storm, all while minimizing salt use. Liability management through developing customer-specific winter maintenance policies will be discussed, as well as the other economic benefits of becoming certified.

Upon successful completion of this Refresher workshop, attendees will be eligible to re-apply for Certification through the NH Department of Environmental Services.

What is the Learning Format?

- Classroom instruction and discussion
- Exercises in solving common problems

What will the workshop cover?

- The legal and economic benefits of being certified for both private and public sector employees
- The environmental impacts of chlorides
- Proper material storage locations and facilities
- Improved winter maintenance techniques
- Increased ability to determine how much salt is needed for any given parking lot or private road

Who should attend?

- Privately contracted plow/salt truck operators and supervisors
- State and municipal employees

Schedule

8:30 - 9:00 *Registration*
9:00 - 11:00 *Workshop*

Instructor:

Patrick Santoso has been a project manager at T² for several years. He has a BS and MS in Civil Engineering and is currently a Ph.D. candidate. He consults on projects in: salt reduction in winter maintenance, rapid bridge construction, and GIS asset management. He has been involved with all aspects of salt reduction in the state of New Hampshire since 2010.

A UNH Technology Transfer Center Workshop
2 Environmental Hours

**GREEN SNOWPRO REFRESHER FOR
RECERTIFICATION
NOVEMBER 24, 2015 – DERRY**

REGISTRATION:

Please use one of the following options:

Online at www.t2.unh.edu/workshop-registration-form

Call T² at 603-862-2826 or 800-423-0060 (in NH)

E-mail t2.center@unh.edu (include name, title, affiliation, address, phone, and email)

AFTER RECEIVING CONFIRMATION:

Address check to: UNH Technology Transfer Center

Mail to: UNH Technology Transfer Center
33 Academic Way
Durham, NH 03824

CANCELLATION: If you need to cancel a registration, call the UNH T² Center as soon as possible. We require at least 3 business days notice prior to the workshop to refund fees already paid, or for any charges to be reversed. Cancellations received after this deadline or "no-shows" at the workshop may be charged the full fee. Please know that you *may* send substitutions to the workshop without prior notice.

Workshop Location:
Municipal Center
14 Manning Street, 3rd
Floor
Derry, NH

New Hampshire
Technology Transfer Center

WORKSHOP FEE: The **Registration Fee** is \$25.00. This price includes instruction and materials. *These rates remain low due to generous grants from the NHDES, FHWA and NHDOT.*

PROFESSIONAL DEVELOPMENT: This workshop is eligible for up to 2 Professional Development Hours (PDHs) and up to .2 Continuing Education Units (CEUs) through the University of New Hampshire. You do not need CEUs for the UNH Roads Scholar Program.

SERVICES: If you require special services, please let us know prior to the workshop.

PHOTOS/VIDEOS: Photographs and/or videos may be taken for educational and training purposes. If you do not wish to be photographed or video-recorded, please advise us at registration.
